

# COMMITTEE IS TO RECOMMEND MORE BISHOPS

[Republican A. P. Leased Wire]  
SARATOGA SPRINGS, N. Y., May 14.—The recommendation that seven new bishops or general superintendents be elected will be made at the general conference of the Methodist Episcopal church tomorrow by the committee on episcopacy. Six of the new bishops will be assigned to episcopal areas and one will be stationed at Seoul, Korea. In addition, two missionary bishops will be recommended for work in Africa, to succeed Bishops I. B. Scott and Joseph C. Hartwell. One of the missionary bishops is to be of African descent if the committee's recommendation is adopted.

A new episcopal residence will be established at Detroit, the Oklahoma residence will be transferred to Pittsburgh and that at Kansas City, Kansas will be moved to Wichita, Kas.

It is planned to have the balloting for the new bishops begin tomorrow and continue until all of the required number have received a two-thirds vote of the conference.

The committee on episcopacy, it was reported tonight, has voted to endorse the proposal to unite the Methodist Episcopal church and the Methodist Episcopal church, South, the two great branches of American Methodism, which became divided over the question of slavery.

Announcement was made tonight that the committee to which was referred the much discussed question would report in favor of eliminating from the discipline the prohibition against games of chance, theater attendance and dancing.

One of the most important subjects to be acted upon during the coming week is the general statement of the attitude of the church on the question of temperance and prohibition. The temperance committee has agreed upon a report which goes farther than the Methodist Episcopal church has ever gone before.

Whereas, four years ago, the main driver for the passage of the interstate liquor shipment bill as the great national issue, the reports declare that the liquor traffic cannot be licensed without sin and specifically traces the immediate submission by congress of a prohibition amendment for the actions of the state. Pending the submission and ratification of this amendment, the conference wants congressional prohibition in all territory under the jurisdiction of congress, specifically including the District of Columbia.

The conference also will demand the closing of the mails to all liquor advertising. While the report endorses the church's own temperance society for educational work and the promotion of total abstinence, it also endorses the anti-saloon league as the agency of the Methodist church for co-operation with other churches in obtaining legislation and law enforcement and the work necessarily incident to such activity.

# SAY KEDDINGTON AND STEVENS FORCED LIQUOR OR DRUG ON GIRL OFFICERS IN AN EXCITING CHASE

Founded up through the combined efforts of Marshal Peyton of Mesa and Marshal Browning of Tempe, in which each of the officers were obliged to use their guns in intimidating them, Paul Stevens, driver of a stage line automobile operating between this city and Mesa, and Cyril P. Keddington, of this city were brought to the county jail early this morning charged with having forced liquor or dope upon a young woman of Mesa, who had been a passenger in Stevens' car enroute to Tempe. From the condition of the young woman who was found unconscious in the automobile, it was the opinion of the officers that she had been given some powerful drug, perhaps chloral.

Keddington rode to Mesa with Stevens on one of his trips last night. On the return from Mesa, there was but one passenger, a young woman of good family, who had intended visiting a friend in Tempe. She is said to have occupied the rear seat, while Keddington and Stevens who was driving were in the front seat.

About two miles out of Mesa, people passing in other machines heard a young woman screaming and learning that she was in the stage car started in pursuit. Others went into Mesa and gave an alarm to Marshal Peyton. The Mesa officer immediately started out on the road to Tempe hoping to overtake the car. In the meantime the chase had been going on, and Stevens drove into Tempe and through town, rounding a corner he knocked over one of the wooden signs at an intersection. Marshal Browning gave chase and when the driver refused to stop began firing at the machine.

Finally the machine came to a standstill and the two young men jumped from the car and started to run.

The audience cheered the colors of the "Irish republic," after which they joined in singing "Die Wacht am Rhein."

# PENNSYLVANIA CAMPAIGN WILL END TOMORROW

[Republican A. P. Leased Wire]  
PHILADELPHIA, May 14.—Bitter factional quarrels have characterized Pennsylvania's state-wide primary election campaign which will close when the voters go to the polls Tuesday.

In the republican party the struggle centers on the control of the 76 delegates to the national convention. United States Senator Boies Penrose, favoring an unpledged delegation, leads in a fight against Gov. Martin G. Brumbaugh, who supports candidates pledged to support the party's popular choice in the state for president.

Governor Brumbaugh has announced his own candidacy for the presidential nomination, with the condition that he would be willing to step aside in favor of any candidate from another state if assured substantial support from a reunited party at the Chicago convention. Governor Brumbaugh has said that such unity of action and a republican victory in November "cannot be accomplished under any factional leadership," and that he had been assured by many persons that those responsible for the disaster of 1912 "cannot reunite 'the broken forces' of the party."

The 76 delegates include 12 to be elected at large. The Penrose nominees for these include Senator Penrose himself, United States Senator Oliver, John Wanamaker and James Elverson, Jr., of Philadelphia, and Mayor J. G. Armstrong of Pittsburgh. The Brumbaugh nominees include Governor, State Senator W. J. Burke, of Pittsburgh; former Representative E. F. Acheson, of Washington, Pa.; Mayor T. E. Smith, of Philadelphia, and Auditor General A. W. Powell.

Governor Brumbaugh's name is the only one which appears on the republican preferential ballot. If others are favored their names must be written by the voters. This factional struggle has become so heated in Philadelphia as to split the party organization where harmony has prevailed for years.

In the democratic party President Wilson is the only name to appear on the ballot as a candidate for president. Opposing factions have, however, selected candidates for the 12 delegates at large, although which ever ticket is elected will support Mr. Wilson. The principal democratic fight is for the state's representative on the national committee.

The reorganization democrats are headed by former Representative A. Mitchell Palmer, the present national committeeman, who is opposed by Michael Liebel, Jr., of Erie, identified with the organization function. There are two candidates also for United States Senator—E. L. Harris of Bellefonte, reorganization, and Municipal Court Judge E. C. Bonniwell, of Philadelphia, organization.

There is no United States senate fight in the republican party. Philander C. Knox, who held portfolio under Presidents Roosevelt and Taft, is unopposed. Senator Oliver some time ago announced his intention to retire. In the republican election of representatives at large, the Penrose faction has placed in the field Joseph McLaughlin, of Philadelphia, and Isador Sobel, of Erie, against the present incumbents, Daniel F. Lefean and John R. K. Scott.

Both the republicans and the democrats have contests for several offices, the fight for the republican nomination for auditor general attracting chief attention because of the support given by the opposing Brumbaugh and Penrose factions. The progressives, known in Pennsylvania as the Washington party, have not filed any names as preferential candidates for president. There are candidates in the field for all other offices, but no contest within the party. Candidates for delegates at large to the Progressive National Convention include William Flinn, of Pittsburgh; Gifford Pinchot, of Milford, and William Draper Lefis, of Philadelphia.

Governor Brumbaugh, who led the unsuccessful fight for local option during the last legislative session, has urged voters to favor legislative candidates who favor this measure. In Philadelphia a proposal to authorize two loans aggregating \$114,000 for city and harbor improvements, and subways and elevated extensions has become involved in republican factional differences.

## SANTO DOMINGO EVACUATED

SANTO DOMINGO, May 14.—The warning of the American minister, W. W. Russell, that the city of Santo Domingo would be taken by force unless it was given up by the rebels not later than Sunday morning, resulted in the evacuation of the city last night. The rebel leaders, soldiers, rural and guards stripped the fort of guns and war materials and withdrew from the city, leaving the civil police in charge. They notified Mr. Russell of their withdrawal.

# RASMUSSEN HOPES TO RESCUE CROCKERLAND RELIEF PARTY

[Republican A. P. Leased Wire]  
NEW YORK, May 14.—Knud Rasmussen, the Danish explorer is due tomorrow with his ship, the Kap York, at Thule, North Star aby where Dr. Edmund C. Hovey, of the American Museum of Natural History, leader of the Crockerland relief expedition is marooned with his companions in the ice, according to letters received here from Rasmussen's wife, it was announced today.

The Crockerland expedition sailed from New York on the whaling ship Diana on July 21, 1913, under the auspices of the American Museum of Natural History and the American Geographical society, in co-operation with the University of Illinois. Its object was to settle the existence of a vast continent supposedly lying in the Arctic ocean between the North American continent and the pole.

In charge of this expedition was Donald B. MacMillan. Word was last received from him in the fall of 1915. Dr. Hovey then sailed to the relief of the MacMillan party.

According to the letters, if Rasmussen fails to reach Thule by May 15, he will leave the Kap York and start off on dog sledges and by forced marches proceed through the Danish colonies and on to Upernivik. By this mode of travel he expects to reach Thule early enough to make his way over the inland sea by the last of June.

Upon reaching Thule, Rasmussen plans to fit his party for a dash over the ice to Peary land where he plans to remain until August. He intends to make his return over the inland sea during August and reach Thule about September 1, where the Kap York will remain for his party. The distance he expects to travel over the ice by sledges is about 2,000 miles. After reaching Thule, it is his intention to put both the MacMillan and Hovey parties aboard, if he locates them, and sail for home.

# COMMANDER OF BORDER FORCES NOW PREPARED

[Republican A. P. Leased Wire]  
NEW YORK, May 14.—Corporal William Cohen of Troop A, Fourteenth United States cavalry, who was killed by Mexican bandits on the Texas border, was buried here today. Here there are encamped three regiments of Texas militia, a squadron of cavalry, a battery of field artillery and a field hospital company of the militia.

With the exception of the Thirtieth and Third infantry, one battalion of the Third field artillery and one company of coast artillery, all the additional troops ordered to report to General Funston have arrived. The Thirtieth and Third were reported today to have been enroute to their stations in New York state. The Third will be sent to Eagle Pass, but it has not yet been decided just where the Thirtieth will be stationed. Four of the eleven companies of coast artillery brought here have been sent to border stations. The remainder have been mobilized at Fort Sam Houston.

The militia mobilization at Douglas, Columbus and here was completed today. Here there are encamped three regiments of Texas militia, a squadron of cavalry, a battery of field artillery and a field hospital company of the militia.

When the national committee gathers to consider seating arrangements, a marked contrast to last meeting will be presented. Four years ago, several hundred seats were contested. This year only forty-four so far are involved, including the entire delegations from Georgia and Louisiana. The contests so far filed are as follows:

Florida, 1; Georgia, 17; Louisiana, 12; Mississippi, 2; Missouri, 2; Oklahoma, 4; South Carolina, 2; Virginia, 1, and the District of Columbia, 2. Nearly all involves factional disputes, those of Louisiana and Georgia being a contest between the so-called black-and-tan and the "illy-white" factions.

The national committee will also be called upon at its pre-convention meeting to decide whether "double" delegations from a few states shall be given seats on the floor. In these cases twice the accredited number of delegates-at-large have been selected with a half vote each. The committee has limited the convention floor seats to the exact number of delegates legally apportioned, without providing for seating double delegations.

# CONSIDER SEAT CONTESTS PRIOR TO CONVENTION

[Republican A. P. Leased Wire]  
WASHINGTON, May 14.—A call for a meeting of the republican national committee June 1 at Chicago to consider contested seats in the national convention and other pre-convention business was issued here today by Secretary James K. Reynolds. The committee is expected to hold daily sessions until the convention opens, June 7.

Headquarters of the national committee will be opened tomorrow at the Coliseum in Chicago. Secretary Reynolds left here for Chicago tonight with his entire office force and committee records. Chairman Hill plans to go from New York to Chicago a week later.
